

10-18 Year-Olds: 13th Annual GETSET

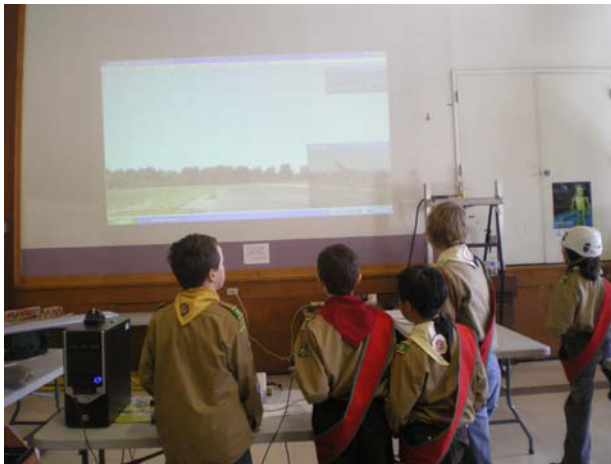

SATURDAY, MARCH 6, 2010, 8:30 am TO 4:00 pm

A National Engineering Month Event

The London Chapter of OACETT invites Guides and Scouts to spend an exciting day at London Scout HQ, 531 Windermere Road. Members of the Ontario Association of Certified Engineering Technicians and Technologists (OACETT) will host the 13th Annual GETSET for youth members to explore Engineering Technology. Tech Tasks + Tech Tables + Tech Talks + Tech Tours = Fun + Engineering, Science and Vocation badge work and networking opportunities.

The London Chapter of The Professional Engineers of Ontario (PEO) will help youth test the load limit of their Popsicle Stick Bridge with the Incredible Crusher. The 2007 event saw a bridge hold 306.5 pounds (139.3 kg) before a non-passive end-of-life CRUNCH! The 2006 record still stands at 501 pounds (228 kg). Breaking Bridges – Building Character!

Guiding Exploring Technology – Scouting Exploring Technology (GETSET) 2010 is aimed at 10-to-18 year-old registered youth members. Leaders/parents must accompany youth members. Cost of a Tech Ticket – a non-perishable food item for the London Food Bank. And a Tech Tuck lunch is available for under \$5.
