

NATIONAL ENGINEERING WEEK ONTARIO 2008 ACTIVITY LISTING AND RESOURCE MATERIALS ORDER FORM

Please save the two pages of this form to your computer, enter all requested information and send to avecera@ospe.on.ca by Monday, January 28, 2008.

ACTIVITY LISTING

In the space below, please enter a short description of each activity (up to 100 words) following this format:

- Name of event or activity
- Details of time, date and location
- Name of organizing group/chapter, etc., if applicable
- Brief event description
- Contact name with professional designation (if applicable), telephone number and email address

Refer to the listings already shown in the Event Calendar at www.engineeringweek.on.ca to see how to present your activity, or use this example as a guide:

Paper Jet Competition – *Three Corners Mall, 11 a.m. Saturday, March 2*

The Three Corners Chapter of Professional Engineers Ontario has invited Grade 5 to 8 students from local schools to design, construct and test paper jets. Judging will be in three categories: most innovative design, longest distance and most accurate throw. For more information, contact Terry Young, P.Eng., at tel: 000-000-0000 ext. 000 or by email: tyoung@xxxxx.xx

Note For NEWOSC Funding Applicants: If you submitted an application for NEWOSC funding last November, a description of your activity/ies is posted in the Event Calendar at www.engineeringweek.on.ca. Please review your listing. You need only give us your changes or additions via this form.

Enter Your Listing(s) Below Using as Much Space as Necessary

If you have not already done so, it may not be too late to plan a NEW activity for this year. For ideas, see the Event Organizer Help section at www.engineeringweek.on.ca.

RESOURCE MATERIALS ORDER FORM

1. All materials except for T-shirts are provided at no cost to Ontario activity organizers who have provided an Engineering Week 2008 event description using the event listing form.
2. Items are for use during Engineering Week only.
3. Order the quantity you need; we will let you know if we cannot provide the complete supply requested.

Description of Materials

Order Quantity

NEW 2008 Poster – Colourful, two-sided 18” x 24” poster on the theme “Engineering on the leading edge”. Use to decorate display booths and venues and as a give-away during school visits.

Ontario Power Generation Magnetic Bookmarks – Plastic bookmark with magnetic backing bears OPG logo and a message about Science Camps. Bends in half and magnets hold the page. Very popular in past years.

NEW Brainteaser – Folded properly into a square this challenge produces the National Engineering Week logo with slogans in both English and French

Professional Engineers Ontario “Hit the Ground Running” Careers Pamphlet
This brochure explains how engineers use the tools of math and science to create solutions that benefit society. Perfect as a leave-behind for elementary, middle or high school presentations.

Professional Engineers Ontario “Opening Doors” Pamphlet
Geared to students from grades 7 to 9, this brochure explains the courses needed to become an engineer. Perfect as a leave-behind for middle or high school presentations.

NEW T-shirts – short-sleeved white, 100% cotton shirts with colour NEW logo. Specify XL, large, medium or small size. Obtain the first six shirts at no cost and additional quantities at \$7 per shirt.
